	Evaporative cooler	
11. VENTILATION AND EXHAUST INCLUDE LENGTH OF DUCT		
	For each ventilation fan connected to a single duct (including house fans).	
	For each ventilation system or for ductwork which is not a portion of any heating or air-conditioning system authorized by a permit.	
	Class I and Class II Hoods (including Residential Range Hoods)	

CONDITIONS
<ul style="list-style-type: none"> The proposed work must be done in accordance with approved plans, specifications and appropriate codes. A separate permit is required for electrical and plumbing. This application becomes null and void if not purchased within 180 days. This permit becomes null and void if work or construction authorized is not commenced within 180 days or if construction or work is suspended or abandoned for a period of 180 days at any time after work is commenced. I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction and that I make this statement under penalty of perjury.
